New Haven, CT, Yale University, Beinecke Rare Book & Manuscript Library, Beinecke MS 739

Description: ff. i + ii + 91 + i - Sixteenth century (?). Undecorated orange-brown sheepskin over pasteboard, the spine with three raised bands. Pastedowns and flyleaves from four leaves of an 11th-century manuscript, containing part of the Office for the burial of a monk. - Purchased 1990 (?) from E.K. Schreiber, New York, on the Edwin J. Beinecke Fund.

Notes: -Manuscript on parchment of an extremely detailed but not consistently structured list of sins with the mention in the margin whether they are mortal ("M") or venial ("V"; the latter case is very rare). The text consists of countless cases opening with a paragraph mark generally followed by "Si ...".

Script: Copied by two scribes. Hand A (ff. 1r-30r, 14) writes a careful Gothico-Humanistica Textualis Libraria; Hand B (ff. 30r, 15-91v) writes a more rapid Gothico-Humanistica Cursiva Libraria/Currens. The parts copied by the two scribes differ from each other also in the style of the text and the headings.

Notes: Numerous red paragraph marks in the left margins. The treatment of the headings is not consistent. 2-line (rarely 3-line, on f. 1r 4-line) initials in red at the head of all major subdivisions; they are plain initials on ff. 1r-30r, often flourished initials (black or red penwork) from f. 31r onwards, but the flourishing appears to have been blotted out. *Binding:* Sixteenth century (?). Undecorated orange-brown sheepskin over pasteboard, the spine with three raised bands. Pastedowns and flyleaves from four leaves of an 11th-century manuscript, containing part of the Office for the burial of a monk.
